FOREST FIRE WARDEN'S REPORT

Prevention Is Your Business

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed—all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman

can play an important part in the continuing and vital prevention program.

First—by setting a good example YOURSELF—being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second—by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning—don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles—make sure they are out—use your ash tray.
5. Don't burn at home—use your town dump and save yourself much possible difficulty, both personal and financial.

Number of acres burned — 0

REPORT OF THE SECRETARY

BOARD OF TRUSTEES—OLIVE G. PETTIS LIBRARY

1960

In January, 1960, the library board received the resignation of Mrs. Helen A. Brigham as librarian for reasons of health. The board was very fortunate to secure the services of Mrs. Muriel Currier to fill the vacancy.

A dinner was given by the board members to express to Mrs. Brigham their appreciation of her seventeen years of faithful service and to welcome Mrs. Currier.

Additions to the library have been new drapes and a magazine rack to better display the magazines available.

A glass display case was donated by Mrs. W. C. Richmond and in this we have placed the materials sent us concerning Capt. John W. Gunnison.

In answer to many complaints the overgrown shrubbery in front of the library was removed. We hope to replace it with foundation planting in the spring.

We wish to express our thanks to Mrs. Richmond, Mrs. Herndon and Mrs. Brigham for the gifts of many books. Also to Mr. Currier for the many services he has rendered.

A neighborhood meeting at the Richards Library in Newport was attended by the librarian and board members, two books were received from the State Library for attending. Two board members attended the State Library Conference in Concord.

It was voted by the board to close the library at 6 p.m. for the winter months.

Again we urge that more use be made of your library and that you be free with your suggestions as to how it can better serve you.

STATE OF NEW HAMPSHIRE

NOTICE—Polls open from 12:00 Noon to 5:00 P.M.

To the inhabitants of Goshen-Lempster Cooperative School District qualified to vote in district affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School, Lempster, on the 4th day of March, 1961, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Member of the School Board for the ensuing five years.
3. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
4. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
5. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agent of the district.
6. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization and building funds, together with other income: the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
7. To see if the district will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts and other receipts from miscellaneous sources, in addition to the original appropriation for 1961-62, for the lunch program, general expenses, equipment and improvements.
8. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or state agencies.
9. To transact any other business that may legally come before this meeting.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Goshen-Lempster Cooperative School District, I herewith submit my annual report as Superintendent of Schools.

TEACHING STAFF

Mrs. Frances Wirkkala resigned at the close of the 1959-1960 school year. She accepted a similar position at the Unity Elementary School. Mrs. Wirkkala was recognized as a very efficient teacher and did excellent work in the field of music instruction in our local school. We accepted her resignation with regret and I am sure the people of Goshen and Lempster have fully appreciated her years of service as a teacher in this community.

We were very fortunate to secure the services of Mrs. Leila Thibault of Claremont to succeed Mrs. Wirkkala. She was formerly a teacher in Pembroke as well as Claremont, N. H., and is teaching grades four, five and six in the Cooperative School.

Mrs. Doris Newman returned to her regular assignment as teacher of grades one and two.

Mrs. Myrtie Starkey is teaching grades three and four.

Mr. Roy Balla has done an excellent job as Principal of the school and is teaching grades seven and eight.

We are very fortunate in having a minimum annual turnover in our teaching staff. Retaining experienced teachers is essential for the operation of a good school.

CAFETERIA

Mrs. Roy Balla has been in charge of our school cafeteria. The quality of food and the organization of the dining room ranks high among the school cafeterias in Union No. 5. We consider this added service for the children to be of the best. Mrs. Balla should be congratulated on her fine service in the interest of our school.

MAINTENANCE

Mr. Harry Barnes, our school custodian, has resigned his position after two years of service in the Cooperative School. Mr. Andrew H. Currier has been hired as his successor. The teachers and all concerned wish to

commend Mr. and Mrs. Curtier for the fine work they are doing in their new assignment.

During the summer, the entire building was cleaned as part of our maintenance program. The floors were waxed and some improvements made in our building. Two of our local boys were hired to mow the lawns and care for the school grounds.

REPAIRS AND IMPROVEMENTS

Four new exit doors were installed, one in each classroom. This was a safety measure in compliance with the Fire Marshal's recommendation.

Two concrete block partition windbreaks were built at the room exit doors on the northeast and southwest corners of the building.

New cabinets have been built in the primary room and renovations have been made in the cafeteria kitchen to provide more shelf space for supplies and dishes.

ENROLLMENT FOR 1961-1962

It is expected that we will have an entering First Grade class of nineteen pupils next fall. Of this number eleven are from Goshen and eight from the town of Lempster. About seventeen pupils should be graduating from grade eight. This exchange will give us a probable total school enrollment of one hundred and eight for the September opening in 1961.

Nearly forty pupils will be attending Newport High School next year; also, three pupils at Claremont and one at Vilas High School in Alstead.

RIISING COSTS FOR EDUCATION

We may expect a considerable increase in the school budget for next year. This situation is due to three basic reasons:

1. Teachers salaries are steadily on the increase.
2. More pupils are attending high school, with corresponding increases in tuition charges, which effects our budget decidedly.
3. The cost of books and supplies has increased.

RECOMMENDATIONS

Your superintendent wishes to recommend that some definite action be taken to provide appropriate educational facilities for the teaching of mentally retarded children. This can perhaps be done best on a Union basis with several towns sharing in a cooperative arrangement. It is hoped that the next legislature will provide funds to support, in part, the cost of instruction for such a class. Children in this classification cannot be properly taught in a regular classroom situation. To segregate these chil-

dren would be beneficial to the other children and helpful to the classroom teacher.

Your superintendent also wishes to recommend that some definite action be taken to provide the services of a Music Supervisor. This perhaps can best be done on a cooperative basis, with several towns sharing in the expense for such a program.

I wish to thank the teachers and citizens for their fine cooperation and support during the school year. We will endeavor to continue to provide a program of education of which the townspeople may be proud.

Respectfully submitted,

NOYES C. STICKNEY, SR.

PRINCIPAL'S REPORT

Another year has passed, thus it is once again time to address another report to you.

The school year of 1960-61 has been most successful and I extend my sincere gratitude to Mrs. Doris Newman with grades 1 and 2, Mrs. Myrtie Starkey with grades 2, 3, and 4, and Mrs. Leila Thibault with grades 4, 5, and 6 for their excellent performance and cooperation in making this possible.

Enrollment has been static with a total of 114 pupils in the following breakdown:

Grade 1 - 17	Grade 5 - 11
Grade 2 - 16	Grade 6 - 9
Grade 3 - 14	Grade 7 - 15
Grade 4 - 15	Grade 8 - 18

The large number of students in grades two through six has necessitated a split group in grades two and four in order to fit our classrooms.

This year the upper grades have entered the National Spelling Bee Contest and have found it to be very interesting and educational. The school champion will represent us at the District Contest which is expected to be held in Claremont on March 10.

Again we must congratulate the District for the excellent bus service they have engaged. Mr. and Mrs. Campbell have continued their high standard of service throughout the year.

The janitorial duties assumed by Mr. Currier, with the able assistance of his wife, have been ably performed as may be noted in the fine condition of the building.

The Hot Lunch Program, still one of the best in the state, serving an average of eighty pupils daily, has earned the highest respect of all connected with the school. Mrs. Rae Balla has performed outstanding service in maintaining this standing.

In conclusion I and my fellow workers wish to extend our sincere gratitude to the Parents Club, Miss MacIver, The School Board, and Mr. Stickney, as well as all others who shared our work in making this the successful year it is.

Respectfully submitted,
ROY R. BALLA,
Principal

SCHOOL NURSE'S REPORT

In submitting my eighth annual report as School Nurse for Supervisory Union No. 5, I would like to cite some of the changes beneficial to the School Health Program which have been made during this eight year period.

Eight years ago Supervisory Union No. 5 was made up of eight school districts in which there were a total of 22 schools. In five of these districts heating and sanitary facilities represented serious health problems. Heating these particular school buildings was next to impossible during the severe winter weather. The only persons in the school who could keep warm were those seated near the stove. In most instances the stove had to be fed frequently with chunk wood. I recall one severe winter when it was necessary to close the school buildings in one district for three weeks because they could not be heated. Frequently children, of necessity, sat in school with heavy jackets and boots in order to keep warm. Sanitary facilities were at a minimum in these buildings. Water for drinking and hand washing was carried into these schools from a nearby water supply which had been tested and approved by the State Board of Health. Lighting in these buildings was also poor.

Geographically these areas were widely separated and the large number of buildings necessitated miles of time consuming travel. This, in turn, curtailed the Nurse's services to the children in school as well as home visits and conferences with parents.

Today Supervisory Union No. 5 is comprised of six school districts, one of which is a cooperative serving two communities. There is a total of nine buildings in the Union. Each of these buildings is equipped with modern heating units, excellent sanitary facilities and adequate lighting. Hot water is provided in all buildings. The total environment in the present school buildings is one conducive to good health and good health habits.

The smaller number of school buildings affords more time for the School Nurse to spend in the school, as well as more time for home calls and parent conferences, which are so important.

New equipment to improve testing programs has been purchased. Namely: an Audiometer for hearing tests, an Orthorater for vision tests and a Wood's light for detecting scalp ringworm. This equipment makes for greater accuracy in the testing programs.

Improvements such as those listed above certainly create a healthful environment which in turn makes for better education and more wholesome living.

In conclusion I would like to extend my appreciation to all of you who have been so interested in the School Health Program and who have helped in so many ways.

Respectfully submitted,

FLORENCE MacIVER,
School Nurse
